The eight sections of our newsletter are normally under the control of Reg Alexander as Editor. Reg has a long history of publishing, graphic design, illustration, editing content, printing and distribution. Reggie owns Regal Graphics and Regal Ventures as well as the newspaper, KM Today. He was the perfect solution and selection to facilitate this venture.

The secondary thing we would like to accomplish with this newsletter is to keep our members informed. It will also be produced electronically and distributed via iContact.com. The primary item we would like to accomplish is to produce a beautiful document that would spur additional members and additional homeowners to come into our project – via physical distribution.

The sections of the newsletter are: 1. Food and Beverage, 2. Upcoming shows, music and performances, 3. Kings Settlement & Home Features, 4. Weapons & Warriors, 5. Crosswalk News, 6. The 1776 Organic Farm, 7. Recreation and coming into being with the land, 8. New Club Amenities.

1. Food and Beverage: Led by Mr. Allen Miller the owner of the restaurant and tavern, this column features exciting dishes and new wines – just to name a few things happening in the culinary world. 2. Upcoming shows, music and performances: This column will be led by Mr. David Sherrill of the famed Sherrill family of settlers, the first pioneers to ever cross into these lands in the history of America. Dave talks about history and things of our area and how Kings Mountain and Cowpens saved the revolution.

7. Recreation and coming into being with the land: Led by Ms. Stormy Neal Mongiello, an area native who was born and raised on a farm, this column showcases a life of growing up on farms and coming to understand peace on earth, living in the land and forests and your own opportunities to plant, grow and love the earth.

8. New Club Amenities: Led by Mr. Martin Mongiello, a former Manager of Camp David Resort and Retreat for the First Family and President, this column showcases the fact that we're constantly adding new ideas and new features to our club membership. This column will source and search those items to report - as well as develop reasons to celebrate additions.
